### ABOUT THE BOOK

The **new updated edition** of the book is planned at a much-needed time when Medical Council of India (MCI) has implemented competency-based medical education (CBME) and there was a strong need for a Medical Parasitology textbook conforming to the current revised competency-based MBBS curriculum with stress on the Indian perspective. Also, clinical microbiologists with patient-centric bedside orientation were also supposed to keep themselves updated with current treatment regimens. This edition covers system-wise with syndromic approach unfolding the dilemmas of differential diagnosis, algorithms for laboratory investigations and management.
