- Incorporates important advances in surgical practice such as the expansion of minimally invasive techniques.

Kidney Stones
Medical and Surgical Management
Fredric L Coe, et al.
2nd Edition
Full Colour | Hardbound | 2/e, 2019
8.5" x 11" | 752 pp | 9789351529422

Key Features
- A comprehensive guide to the medical and surgical management of kidney stones.
- Thoroughly revised and expanded with new topics including imaging methods, non-invasive surgical techniques, and management in special cases such as pregnancy.
- Includes discussion on stones in children.
- With an internationally recognised author team led by US-based specialists.
- Highly illustrated with clinical photographs and diagrams.

Textbook of Endocrine Surgery
Orlo H Clark, et al.
3rd Edition
217 Contributors
Full Colour | Hardbound | 3/e, 2016
8.5" x 11" | 1366 pp | 9789351528087

Key Features
- Latest and highly illustrated comprehensive guide.
- This authoritative textbook covers surgical procedures for a broad range of endocrine conditions.
- Provides up to date information on aetiology, embryology, anatomy, clinical manifestations, diagnostic and localisation procedures, surgical and other treatment modalities for endocrine disorders.
- Enhanced by 550 full colour images and illustrations, an invaluable resource for surgeons and endocrinologists.

Clinical Surgery Pearls
R Dayananda Babu
3rd Edition
Full Colour | Hardbound | 3/e, 2018
6.75" x 9.5" | 608 pp | 9789352703494

Key Features
- Exam-oriented clinical book for UGPs and PGs in question-answer format.
- Each case starts with a case capsule, followed by checklist for history and physical examination along with diagnostic points.
- Questions for postgraduates are marked as PG.
- Chapters contain key points at the end “FOR PGs: WHAT IS NEW?” to keep abreast with latest advances.
- The latest AJCC, 8th edition is used for staging and management.
Surgery

Fundamentals of Surgical Pathology
Shameen Shariff

- Key Features:
  - Gross and lucid descriptions of lesions in pathology (both simple and complex).
  - Diagnostic and salient microscopic features essential in arriving at a diagnosis.
  - Details on differential diagnosis in each lesion and ability to differentiate one from the other in the grey zone areas.
  - Importance of immunohistochemistry as an aid in diagnosis.
  - Caters to common and complex routine reporting in the Indian subcontinent.

- Full Colour | Soft Cover | 2/e, 2019
- 8.5” x 11” | 520 pp | 9789389589677
- ₹ 2750

Practical Applications of Intravenous Fluids in Surgical Patients
Shaila Shodhan Kamat

- Key Features:
  - Includes the fundamentals of body fluid balance
  - Detailed discussion of all the commonly used intravenous fluids.
  - Compact and yet detailed practical approach to fluid therapy in various surgical conditions. Wide arrays of self-explanatory figures.
  - Language is lucid and easy to understand.
  - Conveys the knowledge in a simplified and systematic manner.
  - Serves as a good teaching guide to the advanced users, too.

- Single Colour | Soft Cover | 2/e, 2019
- 6.25” x 9.5” | 328 pp | 9789352705313
- ₹ 895

New Release

IAPS Textbook of Pediatric Surgery
Rajeev Redkar

- Full Colour | Hardbound | 1/e, 2020
- 8.5” x 11” | 1384 pp (approx.) | 9789389587500
- Price: ₹ 4395

Pocket Guideline of Diabetic Foot
For Professionals
Zulfiqarali G Abbas & Arun Bal

- Key Features:
  - Pocket book for all professionals dealing with diabetic foot.
  - Focuses on the key aspects of prevention.
  - Discusses medical and surgical treatment of diabetic foot.
  - Provides a broad sweep of current knowledge in the field.
  - Surgical aspects of diabetic foot have been included in this edition.

- Full Colour | Soft Cover | 2/e, 2019

- ₹ 995

Video Atlas of Thyroid Cancer Management
Diagnosis, Workup, Surgical Management, Adjuvant Therapies, Follow-up and Outcomes
Jatin Shah, et al.

- Key Features:
  - Didactic lectures by World Leaders in Thyroid Cancer Management.
  - Updated information on American Thyroid Association (ATA) Guidelines.
  - Updated information on American Joint Committee on Cancer (AJCC) Staging, 8th edition.
  - Systematic approach to Risk Stratified Strategies.
  - Sappho technical details on operative procedures.
  - Current outcomes data from Memorial Sloan Kettering Cancer Centre.

- Full Colour | Hardbound | 1/e, 2019
- 6.5” x 10” | 9789389584484
- ₹ 8050

Handbook of Transurethral Resection (TUR) Technique
M Anandan

- Key Features:
  - It is a compendium on basics of resection and transurethral resection.
  - Caters to the need of the beginners in transurethral surgery.
  - Chapters have been selected to give comprehensive knowledge on the anatomy, preparation and techniques of transurethral resection.
  - Includes transurethral resection, cold knife and laser enucleation to keep the readers up-to-date with the scientific advancements.

- Full Colour | Hardbound | 1/e, 2019
- 6.75” x 9.5” | 358 pp | 9789352703982
- ₹ 1095
Recent Advances in Surgery 39
Rachel Hargest & Michael Douek

Key Features
- Latest volume is the annually published series which reviews current topics in general surgery.
- The first section deals with topics of generic interest to all surgeons, and further chapters cover a range of subjects relating to breast, upper gastrointestinal, colorectal and vascular surgery.
- Includes topics that reflect issues pertaining to surgeons worldwide, with the aim of updating the busy surgeon on the front line, but also stimulating interest in new developments such as 3D printing or modern training methods.

SRB’s Clinical Methods in Surgery
Sriram Bhat M

Key Features
- Thoroughly revised and updated with lists of good quality photographs and diagrams for easy recapitulation.
- Case discussions added in selected chapters for clinical understanding.
- Each chapter contains clinical examination methods, investigations, brief outline about all the conditions, which are relevant surgically.
- Clinical pearls are added as a surgical wisdom which is important while treating the surgical patients.
- New chapters on Instruments, X-rays and specimens added.

Roshan Lall Gupta’s Recent Advances in Surgery (Volume 15)
Puneet

Key Features
- Latest topic with advances in the field of surgery covered.
- Focused for young budding surgeons and postgraduate students.
- Chapters are written by eminent surgeons and experts in their field.
- Chapters tried to cover all relevant topics from each specialty.
- Topic may change the clinical surgical practice with latest review.

R Sekhar

Key Features
- The Yearbook 2018 covers the recent concepts in the management of a wide range of the vascular diseases spectrum.
- Contains a string of very relevant and practical topics by a worldwide galaxy of experts, each one of whom is a successful and reputed practitioner of his/her craft.
- An ideal companion for postgraduate trainees in Vascular Surgery, Interventional Radiologists, and peripheral minded Interventional Cardiologists.
Surgery

**SRB’s Manual of Surgery**

---

**Long Cases in General Surgery**
R Rajamahendran

- Full Colour | Soft Cover | 3/e, 2019
- 6.25” x 9.5” | 376 pp | 9789352705467
- **₹ 595**

**Key Features**
- Primarily intended for MBBS students preparing for their final clinicals.
- Thoroughly revised and updated from latest journals and new editions of books, like Bailey and Love (27/e), Sabiston (20/e), and Schwartz (10/e).
- Important points to remember have been highlighted in attractive colour background on Author’s Note, Recent Updates/Advances, Extra Edge/Nile, and Very Step Questions, etc.
- Loaded with evening session topics of Instruments, Procedures, Specimens and X-rays.

---

**Bedside Clinics in Surgery**
Makhan Lal Saha

- Full Colour | Soft Cover | 3/e, 2018
- 6.75” x 9.5” | 1286 pp | 9789352701422
- **₹ 995**

**Key Features**
- Measurement of a swelling incorporated by using a Vernier caliper instead of a tape measurement.
- A new long case on management of diabetic foot has been added.
- In X-ray section interpretation of mammography has been added.
- In surgical anatomy section, lower leg compartments and cervical fascia added.
- About 30-40 new figures added.

---

**Stoma Care**
TG Balachandar

- Full Colour | Soft Cover | 1/e, 2018
- 6.25” x 9.5” | 210 pp | 9789352704873
- **₹ 1995**

**Key Features**
- Stoma care is made simple.
- Written by the author who inspires many young surgeons through his professional and academic excellence for more than three decades.
- Attractive illustrations with detailed labeling, and highlighted information.
- History and evolution of Stoma elegantly described.
- Role of Social media highlighted significantly.
- Problems and Potential solutions for Ostomates addressed through simple questions and answers.

---

**Illustrated Surgery**
A Road Map
Nilay Mandal

- Full Colour | Hardbound | 1/e, 2016
- 8.5” x 11” | 1162 pp | 9789385891205
- **₹ 1650**

**Key Features**
- Highly illustrated surgical manual.
- Includes informative description of all surgical diseases.
- Enriched with more than 1000 schematic diagrams to understand pathophysiology, pathology, clinical presentations and treatment.
- High-quality photographs and imaging to get ideas about the disease itself.
- Quotations from renowned personalities are added in each chapter to make the reading experience more inspirational.

---

**Mastering Cancer Reconstructive Surgery with Free Flaps**
(under the aegis of Tata Memorial Hospital)
Prabha Yadav, et al.

- Full Colour | Hardbound | 1/e, 2018
- 8.5” x 11” | 190 pp | 9789352702053
- **₹ 4195**

**Key Features**
- When and how of essential basic free flaps.
- More than 500 images and illustrations.
- Basics of microsurgery.
- Handling pre and postoperative issues.
- A small section on Harvestments in free flaps.
- Algorithms for common defects.
- Useful book for everyone involved in cancer free flap reconstruction from the young postgraduates to the experienced microsurgical surgeon and reconstructive surgeons.
Surgery

Gastrointestinal Surgery Series
Pancreas and Hepatobiliary Surgery
Prabin Bikram Thapa & Dhiresh Kumar Mahajan

Two Colour | Soft Cover | 1/e, 2018
6.25” x 9.5” | 142 pp | 9789352702602
₹ 1195

Key Features
- The book covers extensive technical issues for pancreatic surgery and liver and gallbladder surgery.
- Includes illustrations and photographs to make the text easy to remember.
- Targeted for postgraduate students and younger surgeons.

A Practical Guide to Surgical Instruments
X-rays and Operative Interventions
Ajay Kumar Agrawal, et al.

Full Colour | Soft Cover | 1/e, 2018

Basic Surgical Skills and Techniques
Sudhir Kumar Jain, et al.

Full Colour | Soft Cover | 3/e, 2018
6.75” x 9.5” | 202 pp | 9789386322814

Key Features
- Focuses on the basic art of surgery.
- Reflects not only the success of basic surgical skills and techniques but brings also the latest advances in surgery to the reader.
- Embraces the basic principles of surgery and explores the details in a local manner.
- The book comes from authors who have been awarded globally for their academic excellence.
- Illustrates with local diagrams and studded with many surgical pearls.

Forthcoming Books

Anaesthesia in Laparoscopic Surgery, 2/e
Jayshree Sood

Leg Swelling: don’t ignore
KK Pandey

Thyroidectomy
Anatomical Basis of Surgical Technique
Ernesto P Molmenti, et al.

Learning General Surgery
Radhakrishnan

Key Features
- A practical book destined to surgeons at the initial stages of their experiences.
- Highlights the fundamental relevance of surgical anatomy.
- The text addresses the images and illustrations derived from the experience of the authors, as registered by means of surgeries, anatomical dissections, and schematic representations.

Tentative Covers
Atlas of Operative Surgical Oncology
Tata Memorial Centre
Sabita Jiwani, et al.

Full Colour | Hardbound | 1/e, 2017
8.5” x 11” | 668 pp | 9789386261984

Key Features
- This atlas presents surgical principles involved in the management of solid organs emphasizing on appropriate case selection and safe surgical techniques.
- A brief description of the postoperative evaluation of the patient for the procedure, types of anesthesia commonly employed and the positioning of the patient is also included.
- Operative photographs, illustrations and tables are the highlights of this atlas.

Textbook of Practical Laparoscopic Surgery
RK Mishra

Full Colour | Hardbound | 3/e, 2013
8.5” x 11” | 620 pp | 9789350259412

Key Features
- Provides perfect understanding of the laparoscopic Surgery to the practicing surgeons and gynaecologists.
- Provides information that will be extremely useful in the performance of routine and advanced hernia surgery, as well as when particular situations and difficult moments encounter during minimal access surgical procedures in day-to-day clinical practice.

Laparoscopic Hernia Repair
How to Learn at Ease
R Padmakumar, et al.

Full Colour | Hardbound | 1/e, 2017
6.25” x 9.5” | 64 pp | 9789351290584

Key Features
- Aims to make the procedure easy and learnable to young practicing surgeons.
- Each procedure is illustrated with a series of high-quality photographs in a step-by-step manner, allowing the reader to follow the sequence of the operation.
- The recognition and management of complications are highlighted and postoperative management is also described.
- Background information about hernia is detailed.
- Includes pediatric hernia repair and two-port repair.

Evidence Based Practices in Gastrointestinal & Hepatobiliary Surgery
Govind Nandakumar

Full Colour | Hardbound | 1/e, 2017
8.5” x 11” | 1026 pp | 9789351529392

Key Features
- The book provides a practical, concise and evidence-based approach to the surgical care of the complex gastrointestinal and hepatobiliary patient.
- The practical approach of the book will make it a good adjunct to textbooks that address the pathophysiology and basic science of disease processes.
- Evidence-based approach and landmark trials gives the necessary background information to readers for constant review and updation of the ever-changing literature.
