Section 1: Neonatology
Editor: Neelam Kler

1. Setting Up of Neonatal Intensive Care Unit ................. 3
   Ashish Mehta

2. Neonatal Resuscitation Programme 2010:
   Changes and the Way Beyond ................................. 7
   Vikram Datta

3. Practical Approach to Fluid and Electrolyte Management
   in Newborns ................................................................. 14
   Anup Jalan

4. Parenteral Nutrition in Neonatal Intensive
   Care Unit ................................................................. 24
   Neelam Kler, Vivek Choudhury, Naveen P Gupta

5. Feeding of Low-birth-weight Infants........................... 33
   Pankaj Garg, Vivek Choudhury

6. Acid-base Balance ........................................................ 39
   Manoj Modi, Siddarth Ramji

7. Hemodynamic Assessment in the Newborn ............... 45
   Samir Gupta, Sunil Sinha

8. Apnea ........................................................................... 54
   Raktima Chakraborty, Sanjay Wazir

9. Birth Asphyxia and Hypoxic-Ischemic
   Encephalopathy ...................................................... 63
   Vikas Mahajan, Sanjay Wazir

10. Neonatal Seizures ........................................................ 72
    RG Holla

11. Respiratory Distress in Newborns ......................... 83
    AK Dutta

12. Respiratory Distress Syndrome ................................. 92
    Naveen P Gupta

13. Mechanical Ventilation of Newborns:
    Current Perspectives .............................................. 98
    Sunil Sinha, Samir Gupta

14. Mechanical Ventilation in Neonates ..................... 103
    Pankaj Garg, Sourabh Singh

15. High Frequency Ventilation ........................................ 108
    Pankaj Garg, Sourabh Singh

16. Continuous Positive Air Pressure and
    Noninvasive Ventilation .......................................... 115
    Pankaj Garg, Ankur Kumar

17. Neonatal Jaundice .................................................... 119
    Sanjiv Amin

18. Approach to Cholestatic Jaundice in Newborn ...... 126
    Ajay Kumar Jain

19. Recent Advances in the Diagnosis and
    Management of Neonatal Sepsis ............................... 133
    AK Dutta, Ajay Kumar

20. Intrauterine and Perinatal Infections:
    An Overview ......................................................... 149
    Ajay Kumar, AK Dutta

21. Necrotizing Enterocolitis .......................................... 164
    Sanjay Wazir, Manish Balde

22. Surgical Emergencies in the Neonate .................. 178
    Rajeev Kalshreshtha

23. Neonatal Blood Component Therapy .................... 197
    Anupam Sachdeva, Samridhi Nager, SP Yadav,
    Visant Chinnabhandar

24. Anemia in Newborn .................................................... 208
    Mohammed Ramzan, SP Yadav, Anupam Sachdeva

25. Approach to Bleeding in Neonate ........................ 215
    Neha Rastogi, SP Yadav, Anupam Sachdeva

26. Hypothermia in Newborns ....................................... 220
    Avneet Kaur

27. Neonatal Abstinence Syndrome ............................ 229
    Arun Soni, Sourabh Singh

28. Evaluation of the Hypotonic Neonate .................... 236
    Nirupama Laroia

29. Long-term Follow-up of High-risk Babies .............. 242
    Praveen Suman

30. Approach to a Newborn with
    Suspected Cardiac Disease .................................... 249
    Neeraj Aggarwal, Manvinder Singh Sachdev

31. Diagnostic Cardiac Evaluation of a Neonate .......... 258
    Poonam Sachdev, Neeraj Aggarwal, Manvinder Singh Sachdev
