### Section 1: Surgical Anatomy of Female Genital Tract

1. **Vulva: Anatomy, Blood Supply and Lymphatic Drainage**
   - Asha Sharma, Amita Suneja
   - Mons Pubis 3 • Labia Majora 3 • Labia Minora 3 • Vestibule 3 • Clitoris 4
   - Vaginal Orifice (Introitus) 4 • Bulbs of the Vestibule 4
   - Greater Vestibular Glands (Glands of Bartholin) 5 • Changes in Vulva with Age and Parity 5
   - Blood Supply 5 • Nerve Supply 6 • Lymphatic Drainage 6

2. **Pelvic Diaphragm and Supports of Uterus**
   - Shalini Rajaram
   - Bony Pelvis 8 • Muscles of the Pelvic Diaphragm 8 • Levator Ani Muscles 8 • Levator Plate 10
   - Nerve Supply 10 • Perineal Membrane (Urogenital Diaphragm) 10 • Perineal Body 10
   - Endopelvic Fascia and the Pelvic Ligaments 10 • Cervical and Uppervaginal Support 11
   - Midvaginal Support 11 • Distal Vaginal Support 12

3. **Uterus and Cervix: Relations, Blood Supply and Lymphatic Drainage**
   - Neerja Goel, Ruchika Garg
   - General Description 14 • Structure 14 • Changes in the Uterus with Age and Parity 15
   - Position of the Uterus 15 • Supports of Uterus 16 • Relations of the Uterus 16
   - Vascular Connections 16 • Lymphatic 17 • Clinical Correlations 17

4. **Adnexa in Relation to Vaginal Surgery**
   - Namita Grover, Shalini Rajaram
   - Anatomy of Adnexa 19 • Grades of Descent of Ovary 23

5. **Applied Anatomy of Ureter in Relation to Vaginal Surgery**
   - Shalini Rajaram, Sandhya Jain
   - Embryology 25 • Anatomy 25 • Identification and Mobilization of the Ureter 26
   - Incidence of Injury and Conditions Making it Prone to Injury 27
   - Postoperative Recognition of Injury 30

### Section 2: Preoperative Care, Operation Theater, Sutures and Instruments

6. **Current Concepts in Preoperative Care**
   - Rashmi Malik
   - Choosing the Best Treatment Option 35 • Consent 35
   - Preoperative Evaluation and Planning 35 • Preoperative Preparation 37

7. **Thromboprophylaxis for Vaginal Surgery**
   - Neerja Goel, Gunjan Singh
   - Patient Factors 43 • Recommendations for Thromboprophylaxis 43 • General Recommendations 44
   - Specific Considerations during Gynecologic Surgery 44 • Additional Coexisting Medical Conditions 44
   - Long Distance Travel after Surgery 44 • Drugs used for Thromboprophylaxis 45
   - Patient Instructions Regarding Wearing the GCS 47 • Intermittent Pneumatic Compression 47
8. Reducing Surgical Risk for HIV and Hepatitis B Infection

Shalini Rajaram, Asha Sharma

- Definition of Health Care Personnel and Exposure
- Risk for Occupational Transmission
- Precautions to Prevent Transmission of HIV and HBV
- Precautions for Invasive Procedures
- Special Precautions While Operating Upon a known HIV +Ve Patient
- Sterilization and Disinfection
- Management of Exposures
- Summary of Management of Occupational Blood Exposures

9. Operating Tables, OT Lighting and Positions for Vaginal Surgery

Medha Mohta, Tarun Bhagchandani

- Operating Tables
- Control Mechanisms
- Accessories
- Positioning on Operating Table
- Cleaning and Disinfection
- Operating Theater Lighting

10. Electrosurgical Units in Vaginal Surgery

Manpreet Singh, Namita Grover

- History of Electrosurgery
- Fundamentals of Electrosurgery
- Current Density and Electrode Geometry
- Monopolar Electrosurgery
- Bipolar Electrosurgery
- Biological Effects of Electricity
- Generators
- Desiccation Techniques
- Fulguration Techniques
- Argon Beam Coagulator for Controlled Fulguration
- Principles of Electrosurgery in Laparoscopy
- Hysteroscopy
- Loop Electrosurgical Excision Procedure
- Leep Electrodes
- Letz Conization
- Recommendations to Avoid Electrosurgical Patient Complications

11. Sutures and Suturing Techniques

Nitin Agarwal, Anshul Grover, Neerja Goel

- Ideal Suture Characteristics
- Essential Suture Characteristics
- Other Suture Characteristics
- Suture Size
- Absorbable Sutures
- Nonabsorbable Sutures
- Monofilament Versus Multifilament Sutures
- Absorbable Sutures
- Nonabsorbable Sutures
- Suturing Techniques in Clinical Practice
- Approximation of Cut Edges
- Transfixation of Various Pedicles
- Obliteration of Dead Space
- Knot Tying Techniques
- Alternative Methods of Wound Closure

12. Instruments for Vaginal Surgery

Shalini Rajaram, Harsha Sharma, Nitin Agarwal

- Lighting
- Operating Table
- Retractors
- Speculums
- Hysterectomy Clamps

Section 3: Anesthesia, Blood Transfusion and Sterilization Techniques

13. Anesthetic Considerations for Vaginal Surgery

Ashok Kumar Saxena, Raman Azad, Nitin Jain

- Rationale for using Regional Anesthesia
- Neuraxial Blocks for Vaginal Surgeries
- Other Regional Techniques
- Pudendal Nerve Block
- Perineal Infiltration
- General Anesthesia for Vaginal Surgeries
- Postoperative Pain Relief

Nitin Jain, Ashok Kumar Saxena

- Indications for Transfusion
- Autologous Blood Transfusion
- Storage of Blood
- Complications
- Blood and Blood Component Therapy
15. Sterilization and Disinfection of Surgical Instruments and Endoscopes
AK Sethi, Deepti Agarwal
- Terminology 120
- Rationalized Approach to Sterilization and Disinfection 121
- Methods of Sterilization and Disinfection 124
- Ethylene Oxide “Gas” 127
- Hydrogen Peroxide Gas Plasma 128
- Peracetic Acid 128
- Formaldehyde 128
- Ionizing Radiations 130
- Glutaraldehyde 130
- Orthophthalaldehyde 131
- Alcohol 131
- Phenolic Compounds 132
- Chlorine and Chlorine Compounds 131
- Superoxide Water 131
- Ionizing Radiations 130
- Ethylene Oxide Gas 127
- Hydrogen Peroxide Gas Plasma 128
- Peracetic Acid 128
- Formaldehyde 128
- Glutaraldehyde 130
- Orthophthalaldehyde 131
- Alcohol 131
- Chlorine and Chlorine Compounds 131
- Superoxide Water 131
- Phenolic Compounds 132
- Boiling 132
- Disinfection and Sterilization of Endoscopes 132
- Disinfection and Sterilization of Equipment Related to Obstetrics and Gynecology 133
- Quality Control 134

Section 4: Vulval Surgery

16. Vulval Disorders (Non-neoplastic and Premalignant), Biopsy Techniques and Wide Local Excision
Sudha Prasad, Shakun Tyagi
- International Society for Study of Vulval Disorders Classification of Non-Neoplastic Epithelial 141
- Vulval Biopsy 144
- Treatment of Non-neoplastic and Premalignant Disorders of Vulva 144

17. Hymenectomy, Labial Fusion Release, Introital Widening, Schuchardt’s Incision
Neerja Goel, Rajni Gill
- Hymenectomy 149
- Labial Fusion Release 150
- Schuchardt’s Incision 151
- Introital Widening 151

18. Bartholin’s Gland Surgery: Incision and Drainage, Marsupialization and Excision
Rachna Agarwal, Gayathri R
- Background 156
- Anatomy 156
- Epidemiology 156
- Pathology 157
- History 157
- Physical Examination 157
- Laboratory Studies 157
- Differential Diagnosis 158
- Management of Bartholin Gland Cyst and Abscess 159
- Surgical Techniques for Treatment of Cyst/Abscess 160
- Word Catheter Placement 160
- Marsupialization 161
- Biopsy/Excision 162
- Technique of Excision 163
- Pregnancy 164

19. Simple Vulvectomy for Intraepithelial Neoplasia
Amita Suneja, Richa Agarwal
- Surgical Anatomy 166
- Types of Vulvectomy 167
- Simple Vulvectomy 167

20. Radical Vulvectomy with Groin Dissection
K Chitrathara, Rema P
- Radical Vulvectomy 173
- Management of Primary Lesion 173
- Surgical Technique 174
- Radical Vulvectomy 174
- Groin Dissection 174
- Technique 176

21. Vestibulectomy for Vulvodynia
Rachna Agarwal, Pushpanjali Rai
- Dysesthetic Vulvodynia 183
- Vulvar Vestibulitis Syndrome 184
- Treatment for Vulvar Vestibulitis Syndrome 185

Section 5: Vaginal Surgery for Prolapse and Reconstructive Vaginal Surgery

KC Singh, SD Barman
- Concepts of Surgical Management 193
- Surgery for Various Components of POP 194
- Laparoscopic Surgery 195
23. Surgical Correction of Anterior Compartment Defects

Sumita Mehta
- Defects of Anterior Vaginal Wall Support—Site Specific Defect Theory 197
- Types and Identification of Defects in Anterior Vaginal Wall 197
- As a Part of Procidentia/Apical Prolapse 198

24. Surgical Correction of Posterior Compartment Defects

Neerja Goel

25. Mesh in Vaginal Surgery

Bindiya Gupta, Shalini Rajaram
- Vaginal Mesh for Pelvic Organ Prolapse 212
- Absorbable Mesh 213
- Surgical Procedure for Perigee 214
- Long-Term Complications 215

26. Manchester Repair

Kiran Guleria
- Indications and Contraindications 218
- Principles of Manchester/Fothergill Repair 218
- Steps of Surgical Procedure 218
- Complications 223

27. Sacrospinous Hysteropexy

Sandhya Jain
- Technique of Hysteropexy (Combined with Anterior Colporrhaphy) 225

28. Vaginal Hysterectomy and Enterocele Repair

AG Radhika
- Principles of the Surgery 228
- Preoperative Preparation 228
- Position of the Patient 228
- Technique of Total Vaginal Hysterectomy 228
- Enterocele Repair 232

29. Sacrospinous Colpopexy

KC Singh, SD Barman
- Anterior Vaginal Wall Prolapse 236
- Posterior Vaginal Wall Prolapse 236
- Apical Prolapse 236
- Use of Mesh 237
- Sacrospinous Colpopexy 237
- When Combined with Vaginal Hysterectomy 237
- Posthysterectomy Apical Prolapse 239
- Complications 239

30. Posthysterectomy Vault Prolapse

Sumita Mehta, Ritu Khatuja
- Anatomy 241
- Pathophysiology 241
- Methods of Surgical Treatment 242
- Transvaginal Sacrospinous Colpopexy 242

31. Complete Perineal Tear

Harsha Khullar, SK Bhandari, Kanika Jain, Geeta Mehdiratta
- Definition and Classification of Perineal Tear 253
- Mechanism of Continence 254
- Why is it Important to Repair a Complete Perineal Tear? 255
- Clinical Presentation and Recognition 255
- Repair of 3rd and 4th Degree Perineal Tear Identification of Extent of Tear 255
- Timing of Repair 255
- Preoperative Preparation 256
- Anesthesia 256
- Suture Material 256
- Methods of Repair of Complete Perineal Tear 256
- Layered Method 256
- Warren Flap Repair 257
- Noble-Mengert-Fish Operation 257
- Overlapping Sphincteroplasty 258
- Postoperative Management 258
32. Radical Vaginal Hysterectomy

Partha Basu
- Indications for Surgery 261
- Surgical Technique 261

33. Vaginectomy

K Chitrathara, Namrata Kachhara
- Vaginal Intraepithelial Neoplasia and Microinvasive Vaginal Carcinoma 272

34. Colpocleisis

Neerja Goel, Seema Ummat
- Evaluation 280
- Anesthesia 280
- Partial Colpocleisis 281
- Complete Colpocleisis 282
- Complications 284
- Outcome 285

35. Culdocentesis and Colpotomy

Shalini Jain
- Culdocentesis 286
- Interpretation 287
- Colpotomy 287

36. Skin and Muscle Grafts

Upender Sharma
- Congenital Absence of the Vagina 289
- Vaginal Reconstruction after Ablative Surgery 293
- Gracilis Flaps 293
- Lymphedema of the Vulva 295

37. Creation of Neovagina

Gita Radhakrishnan, Gunjan Singh
- Vaginal Agenesis 297
- Methods for Creation of Neovagina 298
- Mcindoe Procedure 298
- Williams Vulvovaginoplasty 300
- Bowel Vaginoplasty 302

38. Excision of Transverse and Longitudinal Vaginal Septum

Sumita Mehta
- Transverse Vaginal Septum 304

39. Fallopian Tube Prolapse and Tubal Ligation

Shalini Rajaram, Namita Grover
- Surgical Correction of Fallopian Tube Prolapse 310
- Tubal Ligation: Vaginal Route 311

Section 6: Surgery of Cervix

40. Colposcopy

Sumita Mehta, Shruthi Bhaskaran, Vijay Zutshi
- Principle and Technique of Colposcopic Examination 317

41. Cervical Biopsy Techniques

Neerja Goel, Madhu Bagaria
- Pap’s Smear 328
- Punch Biopsy 330
- Wedge Biopsy 331
- Cone Biopsy 331
- Loop Electrosurgical Excision Procedure 332

42. Ablative (Cryotherapy) and Excision (LEEP) Procedures for CIN

Neerja Bhatla, Shilpa Singla
- Ablative Techniques 334
- Excisional Techniques 336
- Loop Electrosurgical Excision Procedure 336
43. Cervical Incompetence and Cervical Cerclage Techniques
   Kanwal Gijral, Nidhi Khera, Chandra Mansukhani
   • Introduction and Historical Perspective 341 • Shirodkar's Cerclage 342
   • Emergency Cerclage 347 • Transabdominal Cervicoisthmic Cerclage 348
   • Lash and Lash Procedure 351 • Laparoscopic Cervicoisthmic Cerclage 351

Section 7: Non-Descent Vaginal Hysterectomy

44. Preoperative and Peroperative Assessment
   Surveen Ghumman
   • Preoperative Ultrasound for Assessment 355 • MRI 355 • Laparoscopic Assessment 355
   • Peroperative Assessment Under Anesthesia 356 • Peroperative Score 358

45. Basic and Clampless Techniques
   Shalini Rajaram, Neerja Goel, Geetika Trivedi
   • Instruments 360 • Operative Technique Position of Patient 361
   • Clampless Technique for NDVH 366

46. Aqua Dissection in NDVH
   Rachna Agarwal

47. Vessel Sealing System in NDVH
   Sumita Mehta
   • LigaSure Vessel Sealing System (Biclamp) 375

48. Volume Reductive Vaginal Hysterectomy
   Neerja Goel, Shalini Rajaram, Rachna Agarwal
   • Discussion 383

49. Technique of NDVH in Nulliparous, Obese and Women with Previous Surgeries
   Shirish S Sheth, Kurush Pagdiwalla

50. Vaginal Oophorectomy
   Namita Grover, Shalini Rajaram
   • Prerequisites for Oophorectomy 402 • Assessing Feasibility for Oophorectomy 402
   • Contraindications for Oophorectomy 403 • Operative Technique 403
   • Complications of Surgery 404 • Newer Methods 404

51. Laparoscopic and Vaginal Adnexectomy
   Alka Kriplani, Sumana G, Pradeep Kumar Garg
   • Indications for Laparoscopic Assistance for Adnexectomy 407
   • Laparoscopic Adnexal Removal 408 • Vaginal Endoscopic Oophorectomy 410

Section 8: Genital Fistulae, Rectal Prolapse and Stress Urinary Incontinence

52. Vesicovaginal Fistula
   Rachna Agarwal, Shalini Rajaram, JB Sharma
   • Presentation 416 • Diagnostic Procedures 417 • Treatment 417
   • Surgical Therapy 418 • Electrocautery 424 • Postoperative Details 426 • Complications 427

53. Rectovaginal Fistulae
   Sanjay Gupta
Contents

54. Rectal Prolapse with Anal Incontinence 439
   Nitin Agarwal, Arun Gupta

55. Stress Urinary Incontinence 444
   Sumita Mehta, Shruthi Bhaskaran, Shalini Rajaram
   • Terminologies Approved by ICS 444
   • Stress Urinary Incontinence 445
   • Pathophysiology of SUI 445
   • Management of SUI 446
   • Surgical Management of SUI 446
   • Surgical Technique 447
   • Techniques 449

Section 9: Postoperative Care

56. Postoperative Management in Vaginal Surgery 459
   Shalini Rajaram, Rashmi Khatri

57. Complications of Vaginal Surgery 466
   Vijay Zutshi, Sumita Mehta
   • Complications of Various Surgical Procedures 470
   • Vulva 475
   • Endoscopic Surgeries 476

Index 479
