ICU Manual for Nurses
Under the aegis of Indian Society of Critical Care Medicine (ISCCM)
Shastri

- A brief handbook for nurses.
- Presents the subject matter in a lucid and easy-to-grasp manner.
- Covers all the aspects of critical care medicine precisely.
- Useful for the ICU nurses in their day-to-day practice.
- Targeted to the students pursuing Indian Diploma in Critical Care Nursing Course.

Advanced Critical Care in Medical Surgical & Neonatal Nursing (As per INC Syllabus)
Gowda & Gowda

- The book contains major advances made in cardiovascular, respiratory, urology, neonatal and pediatric nursing.
- Includes all important emergencies and explores intensive technology in the care of critically ill.
- Mainly discusses cardiovascular emergency, respiratory emergency, important critical procedures/emergency care, emergency drug management, dialysis, and neonatal and common pediatric emergencies.
- Useful practical reference for Post Basic BSc Nursing, nursing educators and teachers.

Critical Care Nursing: Practice Guide
A Road Map for Students and New Graduates
Simon

- A step by step practical guide for new graduates and nursing students assigned to critical care areas.
- Enable nurses to provide optimal care to their patients with confidence.
- It will help inexperienced nurses to systematically assess their patients, plan individualized care, implement therapeutic modalities with competence, collaborate effectively and evaluate the effectiveness of nursing actions.
- How and what to document for prudent practice is also included in this book.
