

NEW RELEASE

Clinical Microbiology & Parasitology for DMLT Students

Author: Nanda Maheshwari

Single Color | Paper Back | 4/e, 2022 | 492 pp | 6.75" x 9.5" |
9789390595433 | Price- Rs. 695 | Discount Cat: B

ABOUT THE BOOK

The orientation of this book is to provide simple yet-advanced content such that the book suffices the needs of not only DMLT/MLT/BSc students but also students of diverse backgrounds who require an exposure to this field.

KEY FEATURES

- A valuable asset for DMLT, undergraduate medical students and laboratory technicians for practical understanding of the subject.
- Covers length and breadth of clinical microbiology, virology and parasitology.
- Explains latest techniques and instrumentation in synchronization with the practical testing methods.
- Introduces highly useful chapters on corona viruses, autoimmune diseases, sporadic viral diseases, etc.
- All concepts are supported with relevant diagrams and colorful images for easy understanding.
- Numerous flowcharts and tables make the content easy to remember and recall during examinations.
- User-friendly book on the subject to guide students and technicians alike while working in the laboratory.
- Latest laboratory techniques on automation in microbiology like the analytical profile index (API), chromogenic media and nano Robot technology are added.
- Introduction and summary for each chapter makes the goal clear for the students.
- Four star plus ratings by actual users on online platforms.
- Included in the recommended books for many universities, paramedical courses and online platforms.

READERSHIP

- DMLT, MLT, BSc students, laboratory technicians and paramedical professionals
