ABOUT THE BOOK

Yearbook of Diabetes by the Research Society for the Study of Diabetes in India (RSSDI) is unique. It summarizes all diabetes related articles between 1st July 2019 and 30th June, 2020 in an easy to read format for the physicians.

KEY FEATURES

- RSSDI (Research Society for the Study of Diabetes in India) Yearbook 2020 is a collection of carefully chosen articles from various peer reviewed journals published over the last 1 year.
- The topics included are of relevance to practicing physicians, diabetologists, and endocrinologists.
- The book has eight sections covering basic science, epidemiology, comorbidities, complications, type 1 diabetes mellitus, gestational diabetes, therapeutics, and newer technologies.
- For each article, the authors have provided background information, key learning points, strengths and limitations of the study, and a "take home" message for the readership. Each article is accompanied by detailed references for further reading.
