Authors: Sudha Seetharam

Full Color | Paper Back | 6/e, 2022 | 238 Pages | 8.5" x 11"

9789354655524 | Rs. 595 | Discount Cat: C

ABOUT THE BOOK

The questions from all the recently concluded examinations like NEET PG, INI-CET, FMGE have been included as a separate chapter in the beginning of the book for a quick revision just before the examination. Each chapter also includes clinical case scenario and image-based questions keeping in mind the recent trend.

KEY FEATURES

- Concise text referenced from Clinical Ophthalmology: Kanski, Ophthalmology: Yanoff and Duker and the new revised edition of Peyman's Principles and Practice of Ophthalmology.
- Important points to remember highlighted with superscript Q.
- Includes Golden Points for NEET.
- Illustrative diagrams provided for better understanding of concepts.
- Image-based questions at the end of each chapter with key points for identification of the images.
- Clinical case scenario-based questions included at the end of each chapter.
- Collection of representative recent MCQs from NEET, AIIMS, AIPG, PGI, COMEDK and DNB.

READERSHIP

- A must-buy for NEET PG, INI-CET and FMGE
