ABOUT THE BOOK

The second edition of the book entitled Nursing Foundation: Concepts and Perspectives is broadly based upon the same assumptions as the first edition to meet the requirements of nursing students of PB BSc Nursing. The book contains seven well-classified sections divided into 25 chapters, taking all aspects of the subject to cover the entire Indian Nursing Council (INC) syllabus.

KEY FEATURES

- The book covers the syllabus as per Indian Nursing Council (INC) for Post Basic BSc Nursing students.
- A lucid and simple-to-complex presentation of content matters for the benefit of the users to build skill in learning concepts of nursing foundation.
- The use of diagrams, tables, and boxes makes content self-explanatory and enhances pedagogical features.
- 'Chapter Outline' and 'Learning Outcomes' in the beginning and 'Chapter Highlights' at the end of each chapter provide an overview of fundamental intellections.
- There are various types of review questions such as essay type, short notes, and multiple-choice questions (MCQs) with answer keys for self-assessment.
- Each chapter has carefully selected references as suggested reading to benefit the readers who might be interested in exploring the topic(s) in detail.
