

NEW RELEASE

Systemic Drugs in Dermatology

Author: Kabir Sardana

Full Color | Paper Back | 2/e, 2022 | 1132 Pages | 6.25" x 9.5"
9789390281367 | Rs. 1795 | Discount Cat: D

ABOUT THE BOOK

The book has been practically rewritten and revised. Each chapter begins with an overview and the drugs part has a table on monitoring protocols. Drug overview has been added which can serve as a “birds eye” view of the drug for the busy reader. Headings have been changed into easy-to-read sections with color coded text highlighting “Uses” which is in green font. A special “Patient Advise” box has been added.

KEY FEATURES

- Updated drug book covering established and novel biological drugs.
- Chapters are written by practicing dermatologists with emphasis on real-world practice issues.
- Extensive research experience with numerous PubMed cited publications on systemic drugs.
- Ideal for institutional and clinical practice and postgraduate training.

What's New?

- Drug overview and detailed schematic action of each drug.
- Summary of indications, uses and monitoring of drugs in tabular form.
- Emphasis on clinical uses of drugs.
- Pre- and post-image of published cases.
- Color coded headers for easy readability.
- Patient advise for drugs to anticipate side effects and medicolegal hazards.

READERSHIP

- Dermatologists and Trainees
