9789354657481 | Rs. 1295 | Discount Cat: C

ABOUT THE BOOK

The book has been a bestselling review book of Pediatrics and Neonatology, written by subject specialists from topmost institutes of India. It is a full colored edition, revised and updated from standard textbooks.

KEY FEATURES

- **Fully colored book** with high resolution images placed beside the relevant text, to help in concept building.
- **Concise pretexts:** Concise, point-wise overview along with high-yield points, mnemonics and flow diagrams.
- **Three sections:** General Pediatrics, Neonatology & Systemic Pediatrics.
- **MCI/FMGE exams:** Topics and questions important for MCI/FMGE exams have been marked with 'M'.
- **Image-based MCQs:** Image-based questions presented along with the pretext for 'integrated approach'.
- **Latest updates:** All the latest updates and guidelines in the field of pediatrics have been highlighted.
- **Latest MCQs included:** All recent PG entrance questions including NEET PG pattern questions up to Sept 2021, INI-CET recalled questions up to Nov 2021 and FMGE questions up to Dec 2021 have been included.
- **Authentic explanations:** Explanations have been provided for most of the answers.
- **Annexures:** Important high-yielding topics requiring last-minute revision, like developmental milestones, salient features of important metabolic disorders, important genetic syndromes, list of 'Most commons', etc.
- **Online support** is available from the author.

READERSHIP

- This book is useful not only for the students preparing for various PGMEEs, but for all MCQ- based exams on Pediatrics including MCI/FMGE exams, various DM entrance exams and also for the final-year undergraduate students for concept-building as well as for quick revision, as adjunct to their textbooks.
