Principles & Practice of Nursing Management & Administration for BSc & MSc Nursing

Vati

- Covers the syllabus as per Indian Nursing Council for undergraduate and postgraduate students of nursing.
- Simple and lucid presentation of content matter for the benefit of users.
- Content has the latest concepts about principles of nursing administration and management and delivery of the health system. Adequate emphasis is given to clarify concepts related to nursing management.
- Use of diagrams, tables, and boxes to make content self-explanatory and enhance pedagogical features.

Management of Nursing Services & Education

Basavanthappa

+ Based on the course and curriculum described by the INC for BSc Nursing.
+ An attempt has been made to give enough exposure to nursing students for better understanding of the concept of the management of nursing services and nursing education.
+ Has been organized into 15 chapters and the text is flowed sequentially to cover and fulfill the requirements of the students as per their syllabus.
+ Every attempt has been made to maintain simplicity and lucidity of language and style to grasp the subject matter very clearly and easily.

Newer Trends in Management of Nursing Services and Education

Venketaraman

+ This textbook focuses on the learning needs of BSc, Post Basic BSc and MSc prescribed by the Indian Nursing Council.
+ Learning Objectives are presented in the beginning of each chapter.
+ Tables, boxes and charts are presented.
+ Research highlights - contributions by different nurse scientists sharing their research findings.
+ Summary points are presented at the end of the text.
+ Review questions consist of both essay-questions and short notes.
+ References and Glossary have been given.
