

Microbiology, Parasitology & Immunology

Essentials of Medical Microbiology

Apurba S Sastry & Sandhya Bhat

As per the Competency Based Medical Education Curriculum (MCI)

Revised Reprint

3rd Edition

Full Colour | Paperback | 3/e, 2021
8.5" x 11" | 872 pp | 9788194709015

₹ 1295

Essentials of Practical Microbiology

Apurba S Sastry & Sandhya Bhat

As per the Competency Based Medical Education Curriculum (MCI)

Full Colour | Paperback | 2/e, 2021
6.75" x 9.5" | 350 pp | 9788194802822

₹ 695

Key Features

- ▲ Divided into two parts—(i) General Microbiology, Immunology and Hospital Infection Control and (ii) Systemic Microbiology.
- ▲ Parasitology has been Incorporated.
- ▲ Hospital Infection Control Section—thoroughly updated.
- ▲ Sterilization and Disinfection Chapter—completely revised.
- ▲ COVID-19 Chapter—a completely new chapter has been added.
- ▲ AETCOM Module—added as a new annexure.

Key Features

- ▲ As per competency-based medical education guideline by MCI.
- ▲ Includes: (i) Each chapter begins with problem-solving exercise (PSE) (ii) Parasitology has been incorporated; Hospital Infection Control section updated (iii) Sterilization and Disinfection chapter completely revised (iv) Covid-19 chapter has been included (v) AETCOM Module is added (vi) Separate chapter for university practical examination (vii) 700 images, kept according to the demonstrations of practical class.

Competency based Practical Manual for Microbiology

As per Competency Based Curriculum (MCI)

Upasana Bhumbra

Full Colour | Paperback | 1/e, 2021
8.5" x 11" | 178 pp | 9788194802877

₹ 650

Paniker's Textbook of Medical Parasitology

As per the Competency Based Medical Education Curriculum (MCI)

Full Colour | Paperback | 9/e, 2021
8.5" x 11" | 316 pp | 9788194802884

₹ 795

Key Features

- ▲ Consists of didactic ideas and the new pattern of Competency Based Practical Microbiology, Clinical Microbiology including Hospital-associated Infections (HAIs).
- ▲ Chapters range from General Microbiology, which address the basic concept in microbiology, newer concept of Applied Microbiology.
- ▲ Includes the latest nomenclature, classification, and taxonomy of the microorganisms.
- ▲ Introduced photographs for a lucid understanding on the topic under discussion.

Key Features

- ▲ Written in accordance with competency-based medical education (CBME) of MCI.
- ▲ New section of Systemic Parasitology, based on individual competencies comprising of chapters like (cardiovascular, respiratory & nervous system) has been incorporated.
- ▲ Includes: (i) MCQs for preparations of Undergraduate as well as postgraduate examination (ii) Key points in each chapter for last minute revision (iii) Content arranged in bulleted format and usage of subheads for increased readability (iv) Case-based Study Questions (v) Includes chart at the end of book depicting life cycles of various parasites - a handy tool for students.

Essentials of Medical Parasitology

Apurba S Sastry & Sandhya Bhat

2nd Edition

Full Colour | Paperback | 2/e, 2019
8.25" x 10.75" | 288 pp | 9789352704804

₹ 795

Key Features

- ▲ Updates made in recent advances in laboratory diagnosis, treatment, prophylaxis, and epidemiology of each parasitic disease in boxes for quick review.
- ▲ Clinical case-based essay questions, short notes, and MCQs given in all chapter.
- ▲ References followed from Garcia 6th edition, Harrison 19th edition, Mandell 8th edition, Manson 23rd edition, etc.
- ▲ Inclusion of more tables, flowcharts, real images.
- ▲ A new annexure comprising morphology of stool.

Essentials of Microbiology

Surinder Kumar

Full Colour | Paperback | 1/e, 2016
7" x 11" | 648 pp | 9789351523802

₹ 950

Key Features

- ▲ Complete coverage of medical microbiology from basic to advance as per the medical curriculum.
- ▲ Every chapter contains a set of Learning Objectives.
- ▲ Key Points have been highlighted in every chapter.
- ▲ Contains Important Questions along with Multiple Choice Questions (MCQs) to reinforce the preparation of examination.
- ▲ Includes plenty of tables, easy-to-reproduce illustrated figures and attractive photographs.

Textbook of Medical Mycology

Jagdish Chander

4th Edition

Full Colour | Hardbound | 4/e, 2018
8.5" x 11" | 956 pp | 9789386261830

₹ 3295

Key Features

- ▲ Addition of newer and separate chapters on Microsporidiosis, Entomophthoromycosis and Mycology Laboratory Contaminants.
- ▲ Includes new names designated to some of the fungal diseases like Malasseziosis, Talaromycosis and Emergomycosis.
- ▲ Includes recently identified and emerging fungi and/or infections, innovative research and development of applications of new technology.
- ▲ Figures of non-invasive radiological techniques of relevant CT and MRI are inserted.

Exam Preparatory Manual for Undergraduates Microbiology (VIRAT)

Thanveer P, *et al.*

2nd Edition

Single Colour | Paperback | 2/e, 2016
6.75" x 9.5" | 272 pp | 9789385891779

₹ 750

Key Features

- ▲ Chapter-wise concise text on each topic.
- ▲ Emphasized on selected topics, which are frequently asked in the university examinations.
- ▲ Large number of diagrams and flowcharts added.
- ▲ Life cycles of parasites made easy.
- ▲ Appendices at the end of book include additional topics.
- ▲ Separate sections for vaccines and staining methods.
- ▲ Previous years' KUHS-pattern question papers.
- ▲ Also Useful for the final year MBBS students.

The Short Textbook of Medical Microbiology (Including Parasitology and Entomology)

As per the latest MCI curriculum

Satish Gupte

11th Edition

Full Colour | Paperback | 11/e, 2020
8.5" x 11" | 448 pp | 9789389776010

₹ 1050

Key Features

- ▲ Incorporation of the recent advances of medical microbiology.
- ▲ Enriched with coloured illustrations, flowcharts, tables, etc. added to enhance the understanding of the text.
- ▲ A few new chapters, such as zoonosis, quality control is also included.
- ▲ Inclusion of parasitology (Protozoa and Helminths) and entomology is distinct inclusion.
- ▲ Clinical microbiology and applied microbiology has been covered sufficiently.

Practicals in Microbiology

Manideepa SenGupta & Mallika Sengupta

Single Colour | Paperback | 1/e, 2016
8.5" x 11" | 200 pp | 9789352501335

₹ 650

Key Features

- ▲ This book has been written to bring uniformity and standardization in laboratory and practical notebook among various medical colleges in India.
- ▲ Added resource for second professional MBBS students.
- ▲ It would decrease the load of both the teachers and students.
- ▲ It will help the DMLT and MSc medical microbiology students.

Essentials of Hospital Infection Control

Apurba S Sastry & Deepashree R

Two Colour | Paperback | 1/e, 2019
6.75" x 9.5" | 548 pp | 9789352706907

₹ 1395

Key Features

- Organization of infection control program in Indian context included.
- Major HAI types such as CAUTI, CRBSI, VAP and SSI covered; giving insight into pathogenesis, laboratory diagnosis, treatment, and prevention.
- Infection control policy at CSSD (including sterilization indicators), laundry and kitchen included. Also, infection control requirement for NABH.
- Antimicrobial Stewardship Programme (AMSP) covering strategies of AMSP, role of laboratory stewardship, antimicrobial policy and monitoring of AMSP.

Workbook for Practical Microbiology

Upasana Bhumbra

Single Colour | Paperback | 2/e, 2019
8.5" x 11" | 194 pp | 9789352705627

₹ 650

Key Features

- This book provides essential information about practical aspects of microbiology.
- Covers all the topics including clinical microbiology.
- Gives opportunity to practice and learn microbiology.
- Includes recent advances applied in the rapid diagnosis of infectious diseases.
- Useful for undergraduate students and junior doctors, who are preparing themselves for various examinations.

Review of Microbiology & Immunology

Apurba Sankar Sastry & Sandhya Bhat K

For Test Prep &
Self Evaluation Visit
www.accesspgmee.com

9th Edition

Full Colour | Paperback | 9/e, 2020
8.5" x 11" | 612 pp | 9789390020539

₹ 1050

Key Features

- All the chapters have been updated with the latest epidemiology, laboratory diagnosis and treatment.
- Newer sterilization indicator included.
- Nipah virus (including the Kerala outbreak, 2018), poliomyelitis (update in vaccine schedule, epidemiology, and end game strategy) included.
- Image-based question bank is strengthened with 300 new images.
- Chapterwise MCQs with detailed explanations given from previous year exams of National and State exams including DNB and NEET Pattern Questions.

The Short Textbook of Medical Helminthology

Satish Gupte

Single Colour | Paperback | 1/e, 2015
6.75" x 9.5" | 158 pp | 9789351526179

₹ 950

Key Features

- This book provides comprehensive, illustrated and state-of-the-art update of Helminths.
- Discusses hot topics like Schistosomiasis, Filariasis and Hydatidosis in detail.
- Significant summary has been provided at the end.
- Profusely illustrated with life cycle diagrams and figures.
- Relevant references are provided at the end of each chapter.
- Incorporates Glossary of important terms and terminologies along with an index.

Textbook of Immunology

Sunil Kumar Mohanty & K Sai Leela

2nd Edition

Full Colour | Paperback | 2/e, 2014
6.75" x 9.5" | 282 pp | 9789350904749

₹ 1395

Key Features

- Provides insight of immunology, host- basic immunology, diagnostic immunology, immune response, immunohematology, tumor immunology, immunity against bacteria, parasites, viruses, fungi, etc.
- Includes illustrative graphics, coloured diagrams, flow charts and tables.
- Study questions are given at the end of each chapter.
- Designed to meet the curriculum of medical, dental and other allied courses (basic and applied).
- Helpful for doctors, researchers, teachers and students.

Prevention of Healthcare Associated Infections

Infection, Prevention and Control

Usha Krishan Baveja & Yatin Mehta

Two Colour | Paperback | 1/e, 2021
8.5" x 11" | 474 pp | 9789389776461

₹ 2795

Key Features

- This book describes all about prevention and control of healthcare- and laboratory-associated infections in 13 sections.
- It starts with introduction and later sections covering basic science, healthcare- and laboratory-associated infections, safe practices, device management, and surveillance.
- Provides a detailed description on Infection Prevention and Control Programme, Policies and Protocols in different hospital areas and different patient populations.
- Describes standard, airborne, droplet, and transmission-based precautions.

Practical Microbiology for MBBS Students Surinder Kumar

Full Colour | Paperback | 1/e, 2018
6.75" x 9.5" | 156 pp | 9789352701902

₹ 495

Key Features

- All aspects of practical medical microbiology are covered which are easy-to-read.
- Thoroughly updated keeping in view medical curriculum and medical students.
- Divided into three units, based on the major components included within practical microbiology.
- Uses a consistent and logical chapter format throughout the book to make the contents easy to grasp.
- Learning objects are given at the beginning of the chapter.

Diagnostic Microbiology (for DMLT Students) Ranjan Kumar De

Single Colour | Paperback | 2/e, 2019
6.75" x 9.5" | 300 pp | 9789352701292

₹ 750

Key Features

- Thoroughly revised and updated with many recent advances and guidelines on biomedical waste disposal, management of needle-stick injuries and doses of the drugs for post-exposure prophylaxis (PEP).
- Contains 62 figures, flowcharts and tables for identification and staining morphology of different microorganisms.
- New chapter on Medical mycology has been added.
- Designed for the students of degree and diploma in Medical Laboratory Technology as well as medical undergraduate students.

Handbook of Practical Examination in Microbiology Neeta Patwardhan, et al.

Full Colour | Paperback | 1/e, 2016
6.75" x 9.5" | 180 Pages | 9789352500611

₹ 650

Key Features

- It is a small effort to make the practical examination easier for the MBBS and BDS microbiology students.
- Discusses exercises such as spotting, Gram's staining, Ziehl-Neelsen staining, motility, stool examination.
- Contains slides, specimens, instruments, and animal vaccines kept for identification.
- Includes commonly asked questions for viva exam.
- Involves a few questions and answers which can be used in different patterns with little application of mind.

Clinical Microbiology & Parasitology For DMLT Students Nanda Maheshwari

Single Colour | Paperback | 4/e, 2022
6.75" x 9.5" | 508 pp | 9789390595433

₹ 695

Key Features

- A valuable asset for DMLT, undergraduate medical students and laboratory technicians for practical understanding of the subject.
- Covers length and breadth of clinical microbiology, virology and parasitology.
- Explains latest techniques and instrumentation in synchronization with the practical testing methods.
- Introduces highly useful chapters on corona viruses, autoimmune diseases, sporadic viral diseases, etc.
- All concepts are supported with relevant diagrams and colorful images for easy understanding.

Medical Microbiology Made Easy Jyotica Ahluwalia

Single Colour | Paperback | 1/e, 2018
4.75" x 7" | 472 pp | 9789352700974

₹ 650

Key Features

- A precisely updated text.
- Builds confidence in students.
- Describes all topics in a simple and user-friendly manner.
- Helpful to imbibe the basics in medical microbiology.
- Presents the well-described newer topics like "Biofilm" that is a real nuisance and "Hospital Waste Management", which is the need of the hour.
- Includes Question Bank at the end of each chapter.

Second MBBS Buster Microbiology Deepak Gautam

Single Colour | Paperback | 3/e, 2019
6.75" x 9.5" | 444 pp | 9789389188400

₹ 650

Key Features

- Each answer has been updated and revised within great dedication as model answer.
- It gives a great idea regarding the way of writing answers in the examination.
- Most important and frequently asked questions are prepared after consulting with teachers who had even served as an examiner in different university examinations.
- Solution to the questions of the year 2009 to 2018 has been given at the end as a sample answer paper written as per the university syllabus.

**The Short Textbook of
Medical Laboratory for Technicians**
Satish Gupte

Single Colour | Paperback | 3/e, 2021
5.5" x 8.5" | 290 pp | 9789390595044 | ₹ 495

**Systemic Fungal Infections:
Principles, Pathogenesis & Practice**
Monica Mahajan

Full Colour | Paperback | 1/e, 2020
6" x 9.25" | 460 pp | 9789389188349 | ₹ 4850

Parasitology Easy to Learn
T Jaya Chandra

Full Colour | Paperback | 1/e, 2014
5.5" x 8.5" | 156 pp | 9789350907252 | ₹ 595

**Viva and Recent Advances in
Medical Microbiology**
Satish Gupte

Single Colour | Paperback | 6/e, 2016
5.5" x 8.5" | 272 pp | 9789351522041 | ₹ 450

Essentials of Medical Microbiology
Rajesh Bhatia & Rattan Lal Ichhpujani

Full Colour | Paperback | 4/e, 2008
8.5" x 11" | 520 pp | 9788184481549 | ₹ 1450

Electrophoresis & Immunofixation
Najat Rashid & Ramnik Sood

Full Colour | Hardbound | 1/e, 2013
6.25" x 9.5" | 302 pp | 9789350904299 | ₹ 21695

**Concise Handbook of
Infectious Diseases**
MI Sahadulla & Sayenna A Uduman

Single Colour | Paperback | 2/e, 2020
8.5" x 11" | 534 pp | 9789352709991 | ₹ 1850

Medical Parasitology
RL Ichhpujani & Rajesh Bhatia

Single Colour | Paperback | 3/e, 2009
7" x 9.5" | 324 pp | 9788171799022 | ₹ 795

**Self Assessment & Review
Microbiology & Immunology**
Rachna Chaurasia & Anshul Jain

Two Colour | Paperback | 14/e, 2019
8.5" x 11" | 586 pp | 9789352709335 | ₹ 950

Companion for 2nd MBBS
Singi Yattiraj

Single Colour | Paperback | 16/e, 2021
5.5" x 8.5" | 308 pp | 9789354650734 | ₹ 295

Revolutions 2nd MBBS University Examination
Indranil Banerjee

Single Colour | Paperback | 3/e, 2019
7.25" x 9.5" | 352 pp | 9789352705412 | ₹ 750

Manual of Immunopathological Techniques
Usha

Full Colour | Paperback | 1/e, 2014
6.75" x 9.5" | 198 pp | 9789351520849 | ₹ 1895

Emerging and Re-Emerging Infectious Diseases
Tarun Kumar Dutta, *et al.*
