E-Glossary

Key Features
▲ Comprehensively reviews the entire field of Otolaryngology including Facial Plastic and Reconstructive Surgery.
▲ Provides detailed discussions of the relevant anatomy with both endoscopic and radiologic correlates.
▲ Reviews Head and Neck Surgery for both malignant and nonmalignant conditions affecting the thyroid and parathyroid, salivary glands, larynx, and soft tissue and bone among others.
▲ International author team from USA, Brazil and South Africa.
▲ Full colour images and illustrations throughout.
An Outstanding Algorithm-based Resource on Otolaryngology Problems

by
Cuneyt M Alper  |  Eugene N Myers  |  David E Eibling

184 Contributors
Full Colour | Soft Cover | 2/e, 2019
8.5" x 11" | 438 pp | 9789386056085
Price: ₹ 2895

Contemporary Reference Resource on Cochlear Implants
by
David S Haynes  |  George B Wanna  |  Alejandro C Rivas  
Rene H Gifford

Full Colour | Hardbound | 1/e, 2020
8.5" x 11" | 316 pp | 9781787791190
Price: ₹ 4395
Sataloff’s Comprehensive Textbook of Otolaryngology- Head & Neck Surgery (6 Vols.)

Robert T Sataloff
MD DMA FACS (Series Editor)
Professor and Chairman, Senior Associate Dean for Clinical Academic Specialties, Department of Otolaryngology - Head and Neck Surgery, Drexel University College of Medicine, Philadelphia, Pennsylvania, USA

Key Features

▲ A comprehensive series devoted to various specialties within the field, including Otology/Neurotology/Skull Base Surgery, Facial Plastic and Reconstructive Surgery, Laryngology, Rhinology/Allergy and Immunology, Head and Neck Surgery, and Pediatric Otolaryngology.

▲ Covers basic science and clinical science (medical and surgical topics) of the entire field.

▲ Illustrious editorial team for all chapters.

▲ Enhanced by over 5000 full colour images and illustrations.

▲ Useful guide for practicing otolaryngologists and otolaryngology residents.

Surgical Techniques in Otolaryngology- Head & Neck Surgery
(6 Volumes)

- Robert T Sataloff
  MD DMA FACS (Series Editor)
  Professor and Chairman, Senior Associate Dean for Clinical Academic Specialties, Department of Otolaryngology - Head and Neck Surgery, Drexel University College of Medicine, Philadelphia, Pennsylvania, USA

Product Information
Cover Type: Hardbound | Size: 8.5" x 11"

Key Features
- Each chapter addresses the medical and surgical treatment of both common and challenging conditions.
- Each procedure is presented systematically with an overview, special considerations, alternatives to surgery, techniques, complications, and after care.
- Recent advances in diagnostic techniques and differential diagnosis are described in depth.
- Written by an internationally recognised author and editorial team from the USA.
- Contains numerous highly illustrated clinical photographs and illustrations.

Key Features

- Presentation: Full Colour | Cover Type: Soft Cover | Size: 6.25” x 9.5”
- It covers all the subspecialities of otolaryngology.
- Outstanding international editorial board.
- Clear artwork rendered in colour to convey new concepts and surgical approaches.
- Covers new techniques in the field of otolaryngology.
- Designed to meet the need of the busy practicing clinician to efficiently keep current with what is new in each of the subspecialities of otolaryngology.
- Due to its rapid publication cycle, the material in current, topical, and immediately relevant to the clinician.
Atlas of Operative Otorhinolaryngology and Head & Neck Surgery by Bachi T Hathiram & Vicky S Khattar

5 Volumes

1. Otology & Lateral Skullbase Surgery
   406 pp | 9789350904794
   ₹ 6850

2. Atlas Operative Otorhinolaryngology & Head & Neck Surgery
   468 pp | 9789350904800
   ₹ 6850

3. Rhinology & Anterior Skullbase Surgery
   348 pp | 9789350904817
   ₹ 6850

4. Facial Plastics, Cosmetics & Reconstructive Surgery
   254 pp | 9789350904824

5. Voice & Laryngotracheal Surgery
   370 pp | 9789350904831
   ₹ 6850

2 Volume Set

1. Atlas Operative Otorhinolaryngology & Head & Neck Surgery
   1720 pp | 9789350901991
   ₹ 28895

5 Volume Set

1. Atlas Operative Otorhinolaryngology & Head & Neck Surgery
   1846 pp | 9789350904022
   ₹ 26650

Video Atlas

   1846 pp | 9789350906576
   ₹ 34350

Full Colour | Hardbound | 1/e, 2013 | 8.5" x 11"

Key Features

- Brings global perspectives under one roof.
- The text is covered in five volumes, such as Otology and Lateral Skullbase Surgery; Rhinology and Anterior Skullbase Surgery including Endoscopic Sinus Surgery; Facial Plastics, Cosmetics and Reconstructive Surgery; Voice and Laryngotracheal Surgery; and Head and Neck Surgery.
- Each chapter describes a different surgical procedure for the relevant region of head and neck.
- Highly illustrated with more than 2700 colour images.
- Valuable resource for otorhinolaryngologists/head and neck surgeons, trainee doctors, trainee and established surgeons.
Free Radial Artery Forearm Flap for Head and Neck Reconstruction: A Color Atlas
Girish N Amlani & Dipen D Patel

Full Colour | Soft Cover | 1/6, 2020
8.5” x 11” | 102 pp | 9789389776775

Key Features
- Provides information for those who work in the field of head and neck reconstruction.
- Describes the general principles and techniques in clear language.
- Contains most of the basic principles and facts about Free Radial Artery Forearm Flap.
- Depicts numerous color photographs explaining various designs of free radial artery forearm flap for head and neck reconstruction.

Comprehensive Management of Head and Neck Cancer
Narayana Subramaniam, et al.

Soft Cover | 3/6, 2021
9788194709046

Video Atlas of Thyroid Cancer Management
Diagnosis, Workup, Surgical Management, Adjuvant Therapies, Follow-up and Outcomes
Jatin Shah, et al.

Full Colour | Hardbound | 1/6, 2019
6.75” x 9.5” | 372 pp | 97893552708963

Key Features
- Provides fundamental knowledge necessary to practice evidence-based management of head and neck cancer.
- Covers the recent changes in the staging system as reflected in the American Joint Cancer Committee (AJCC) 8th edition.
- Newer modalities of treatment like robotic surgery and immunotherapy are also updated.
- Six new chapters added on Parathyroid Tumors, Infra-temporal Fossa, Temporal Bone Tumors, Facial Nerve, Trachea/Thyroid, and Melanoma and Non-melanoma Skin Cancers.

Symptom Oriented Otolaryngology
Head & Neck Surgery
Zahoor Ahmad, et al.

Full Colour | Hardbound | 3/6, 2017
8.5” x 11” | 1428 pp
3 Volumes
Vol. 1: Head & Neck and Laryngology
42 Contributers
Vol. 2: Rhinology and Facial Plastics
66 Contributers
Vol. 3: Otology and Pediatrics
47 Contributers

Key Features
- The first volume is divided into two sections, covering head and neck, and laryngology.
- Second volume is divided into two sections, covering rhinology and facial plastics.
- Third volume is divided into two sections covering otology and paediatrics.
- Every section begins with the anatomy of the structures concerned, followed by chapters on associated symptoms and their diagnoses.
- Enhanced by full colour images.

Vertigo and Dizziness
A Case-based Study
Ambar Chakravarty

Full Colour | Hardbound | 1/6, 2020
6.5” x 10” | 264 pp | 9789389188332

Key Features
- First Case Study book on Vertigo and Dizziness essentially meant for and written by Neurologists from India.
- A total of 46 cases discussed in an interactive manner.
- All in all a comprehensive textbook on Vestibular Disorders (both central and peripheral) suitable for General Neurologists, Physicists, Pediatricians and Trainees.
Textbook of Laryngology
Nupur Kapoor Nerurkar

Full Colour | Hardbound | 1/e, 2017
8.5” x 11” | 404 pp | 9789386322449
52 Contributors

₹ 4150

Key Features
- This textbook will serve as an excellent reference guide in the field of laryngology in the global arena.
- Special emphasis on clinical correlation, clinical assessment of voice and swallowing disorders and office based procedures.
- Detailed steps of surgery along with photographs on pharyngolaryngeal procedures.
- Includes final section on Recent Advances.
- Clinical pearls at the end of the chapters.

Atlas of Ossiculoplasty
Madhuri Mehta

Full Colour | Hardbound | 1/e, 2017
8.5” x 11” | 288 pp | 9789386150585

₹ 4595

Key Features
- This book is an illustrative monograph dealing with different techniques of ossicular reconstruction, addressing a variety of ossicular pathology.
- Intra operative photographs are accompanied by diagram to clearly illustrate details of the technique used.
- Review of different material and techniques of ossicular reconstruction.
- Clear definition of problems encountered and their solutions as well.
- More than 120 images and 30 videos to complement the text.

Diseases of Ear, Nose & Throat
with Head & Neck Surgery
Mohan Bansal

Full Colour | Soft Cover | 2/e, 2018
8.5” x 11” | 762 pp | 9789386261519

₹ 1195

Key Features
- Recent advances on tumor biology, radiofrequency surgery, cleft and robotic surgery.
- Incorporates surgeries on rhinology, pituitary, endoscopic skull base, thyroid and parathyroid.
- Every chapter starts with Points of Focus and ends with Clinical Highlights for quick revision.
- Appendix contains top 101 clinical secrets, problem-oriented clinical cases and miscellaneous key points.
- Relevant information is provided in coloured boxes for quick reference.

ENT Essentials
Elina M Toskala & David W Kennedy

Full Colour | Soft Cover | 1/e, 2020
4.75” x 7” | 594 pp | 9789351529477
49 Contributors

₹ 2450

Key Features
- The most important information for medical students, residents and primary care physicians.
- Symptom-based for easy access, important diagnostic steps and differential diagnosis.
- Available in electronic tablet/smart phone format for easy bedside and clinical access.
- Multi-author format from leading academic otolaryngologists in each field, cooperating with residents and fellows to ensure that the most important information is included.

Thyroidectomy
Anatomical Basis of Surgical Technique
Ernesto P Molmenti, et al.

Full Colour | Hardbound | 1/e, 2017
8.5” x 11” | 104 pp | 9789352700035

₹ 3450

Key Features
- A practical book destined for surgeons at the initial stages of their experiences.
- Highlights the fundamental relevance of surgical anatomy.
- The text addresses the images and illustrations derived from the experience of the authors, as registered by means of surgeries, anatomical dissections, and schematic representations.

Facial Plastic & Reconstructive Surgery: Concepts, Questions, Answers
Sami P Moubayed, et al.

Full Colour | Soft Cover | 1/e, 2019
8.5” x 11” | 310 pp | 9789352702923

₹ 2895

Key Features
- Comprehensive guide to facial plastic and reconstructive surgery.
- Over 1,000 questions, broken down by sections and subsections to facilitate self-learning.
- Recognised author team from Canada and USA.
Otorhinolaryngology/Head & Neck Surgery

Otorhinolaryngology
Head & Neck Surgery
Chris De Souza

- Key Features
  - New edition of comprehensive two volume set covering all sub-specialties in otorhinolaryngology.
  - Includes brand new chapters and the most recent developments in the field.
  - New sections on endoscopic sinonasal surgery and otology.
  - New topics include laryngopharyngeal reflux, trauma and stenosis of the larynx, and laryngeal cancer.

- Full Colour | Hardbound | 2/e, 2019
  - 8.5” x 11” | 2200 pp | 9789351524618
  - ₹ 21995

---

Neck Dissections
Colour Atlas of Surgical Technique
Jesus E. Medina & Nilesh R. Vasan

- Key Features
  - This atlas provides a unique resource for clinicians to learn or review the technique to perform various types of neck dissections.
  - Description of the different surgical maneuvers and anatomic structures pertinent to each step of the operations is presented side by side with unique colour.

- Full Colour | Hardbound | 1/e, 2018
  - 8.5” x 11” | 194 pp | 9789386322289
  - ₹ 3995

---

Otology & Middle Ear Surgery
Ashok Kumar Saha

- Key Features
  - Comprehensive, illustrated guide to ear surgery.
  - Covers a range of otological conditions from attic to Meniere’s disease.
  - Includes up-to-date information on the latest technology in audiology medicine.
  - 163 full colour images, illustrations and tables.

- Full Colour | Soft Cover | 1/e, 2017
  - 5.5” x 8.5” | 500 pp | 9789352501229
  - ₹ 4395

---

Atlas of Phonosurgery
Nupur Kapoor Nerurkar

- Key Features
  - A concise introduction to the anatomy and principles of phonosurgery, routine and difficult microlaryngoscopy including anesthesia and laser considerations.
  - High-resolution color photographs depicting the steps of surgery for various glottis lesions with special emphasis on the philosophy of phonosurgery in each specific condition.
  - Includes case studies of all lesions.
  - Demonstration of various imaging modalities such as Narrow Band Imaging (NBI) and Short Professional Imaging Enhancement System (SPES).

- Full Colour | Soft Cover | 1/e, 2018
  - 8.5” x 11” | 182 pp | 9789352702444
  - ₹ 2895

---

Rhinoplasty: An Expert Manual
Swapan Kumar Ghosh

- Key Features
  - Written in simple and straightforward language with concise and comprehensive coverage of the subject with up-to-date information and explanatory illustrations.
  - Surgical Anatomy of the nose described in detail.
  - Numerous preoperative and postoperative photographs of the patients enhancing understanding of the subject.
  - Photographs of cadaver dissections depicting anatomy of nose and surgical procedures.
  - Suits the requirements of medical students in their ear, nose and throat (ENT) and plastic surgery examinations.
  - Quick reference for Junior ENT surgeons, and plastic surgeons.

- Full Colour | Soft Cover | 1/e, 2017
  - 6.25” x 9.5” | 168 pp | 9789386322982
  - ₹ 1350

---

Atlas of Surgery of the Facial Nerve
An Otolaryngologist’s Perspective
DS Grewal

- Key Features
  - A compendium of Dr DS Grewal to integrate his 30 years’ experience of facial nerve surgery.
  - Review various aspects of facial nerve pathologies and surgery.
  - Presents more than 300 intraoperative photographs.
  - Useful to plastic surgeons, physicians, and neurosurgeons to understand and know various aspects of facial nerve pathology and surgery, thereby, planning the patient’s treatment in conjunction with the otologist and vice versa.

- Full Colour | Hardbound | 2/e, 2012
  - 8.5” x 11” | 232 pp | 9789350257890
  - ₹ 3350

---
**Embryology & Anomalies of the Facial Nerve and their Surgical Implications**  
Robert Thayer Sataloff & Johnathan Brandon Sataloff

- Full Colour | Hardbound | 2/e, 2014  
- 5.25" x 8.5" | 208 pp | 9789351522409  
- **₹ 6095**

**Key Features**
- Revised and updated in a new format.
- A summary of the latest research on gross embryology of the facial nerve is provided.
- A new chapter on Phylology.
- Enriched with new figures in full colour.
- The content of this small volume will be extremely useful for Otolaryngologists who care for patients with congenital malformations of the ear, anatomically related structures and one need to be familiar with the embryology of the facial nerve.

---

**Practical ENT**  
Vikas Sinha

- Two Colour | Soft Cover | 3/e, 2017  
- 6.75" x 9.5" | 236 pp | 9789352700561  
- **₹ 321**

**Key Features**
- This book is truly practical, unique and to the point.
- An excellent resource for the undergraduate medical students commencing his/her wards posting and practical instruction in otolaryngology.
- A good refresher prior to the examination.
- It will also serve as a useful resource for postgraduate students with regards to the sections on x-rays, operations, audiology, oncology, instruments, and FAQs.
- A very comprehensive synopsis of basic otolaryngology.
- The book elegantly captures the essence of ENT.

---

**Textbook of Voice and Laryngology**  
KK Handa

- Full Colour | Soft Cover | 1/e, 2017  
- 8.5" x 11" | 194 pp | 9789386332920  
- **₹ 2895**

**Key Features**
- Discusses different aspects of laryngology from basic information on applied anatomy, imaging, and voice evaluation to topics such as laryngopharyngeal reflex, spasmodic dysphonia, and care of singing voice, aging voice, and voice therapy, swallow therapy, etc.
- This book is based on the author’s vast clinical experience supported by the chapters provided by experts, including the international ones.

---

**Pocket Tutor Otolaryngology**  
Abir Bhattacharyya, et al.

- Full Colour | Soft Cover | 2/e, 2020  
- 4.5" x 7" | 292 pp | 9781909836884  
- **₹ 1350**

**Key Features**
- Anatomy and physiology review provides bedrock for understanding normal and abnormal function.
- Clinical essentials chapter summarises relevant examination techniques and investigative tools.
- Concise disease descriptions and clinical scenarios help you identify disorders commonly seen in practice.
- New to this edition: expanded rhinology sections and new chapter devoted to diagnostic algorithms.

---

**Understanding Benign Paroxysmal Positional Vertigo**  
Alessandro De Stefano & Francesco Dispenza

- Two Colour | Soft Cover | 1/e, 2017  
- 6.25" x 9.5" | 226 pp | 9789385998055  
- **₹ 2195**

**Key Features**
- Wide treatment of all features of benign paroxysmal positional vertigo (BPPV) by internationally renowned specialists.
- Analysis of pathogenesis and epidemiological data of BPPV.
- Clinical and diagnostic approach of complex forms of BPPV.
- Detailed argumentation on treatment options for BPPV.

---

**Textbook of Ear, Nose and Throat**  
BS Tuli

- Full Colour | Soft Cover | 2/e, 2013  
- 8.5" x 11" | 580 pp | 9789350257159  
- **₹ 1250**

**Key Features**
- Designed in a well-illustrated form to learn and practice the essentials of surgery.
- Description of various diseases is well-supported by photographs and line diagrams.
- Contains Key Points at the end of each chapter.
- Informative and student-friendly; for the undergraduates and postgraduates besides ENT surgeons.
- Useful for the private practitioners in their day-to-day practice.
**Otorhinolaryngology/Head & Neck Surgery**

**Textbook of Vertigo: Diagnosis & Management**
Francesco Dispensa & Alessandro De Stefano

- Two Colour | Hardbound | 1/e, 2014
- 7.5” x 10.5” | 284 pp | 9789350906729
- **₹ 2795**

**Key Features**
- Discusses disease and syndrome causing Vertigo, starting from the basic sciences (anatomy and physiology).
- Treatment section encloses medical therapy and rehabilitation.
- Description of the diagnosis and management.
- Contains explicative illustrations, tables and figures.
- A complete reference for all the students and physicians interested in Vertigo.

**Atlas of Otologic Surgery and Magic Otology**
The International Team Approach Based on Pathogenesis
Marcos Goycoolea

- Full Colour | Hardbound | 1/e, 2012
- 8.5” x 11” | 1633 pp | 9789350251983
- **₹ 25850**

**Key Features**
- Provides the essential concepts in otology.
- Has a special emphasis on structure, function, pathogenesis and research.
- The book exposes the future of otology related to genetics and molecular biology, and how this integrates clinical, surgical and research developments. Therefore, this is not only a book of the past and present but is a door to the future.

**Recent Advances in Otolaryngology-9**
Holger H Sudhoff & Mahmood Bhutta

- Full Colour | Soft Cover | 1/e, 2014
- 7.25” x 9.5” | 200 pp | 9781907816895
- **₹ 2050**

**Key Features**
- 12 chapters summarising important recent advances within the field of otolaryngology.
- All topics are written in a practical and clinically relevant manner, further enhanced by the ‘key points for clinical practice’ sections at the end of each chapter.
- Covers topics such as stem cells in head and neck cancer, trans-oral robotic surgery and audiovestibular regeneration.
- Full colour photographs throughout.
- An effective exam revision tool for the DO-HNS, MRCS (ENT) and the FRCS (ORL-HNS).

**Atlas of Endoscopic Laryngeal Surgery**
Robert T Sataloff, et al.

- Full Colour | Hardbound | 1/e, 2011
- 8.5” x 11” | 274 pp | 9789350250921
- **₹ 5050**

**Key Features**
- Provides practical information on microscopic surgery of the larynx.
- Beginning with an introduction to the basic principles and procedures, the text goes on to discuss benign and malignant lesions of the larynx, neurogenic disorders and laryngeal trauma.
- Enriched with 400 images that will guide clinicians through the different conditions and types of surgery.

**Lacrimal Drainage Surgery**
Suresh D Isloor

- Full Colour | Hardbound | 1/e, 2014
- 8.5” x 11” | 108 pp | 9789350906507
- **₹ 2550**

**Key Features**
- Step-by-step guidelines on how to perform state-of-the-art surgical techniques on lacrimal drainage.
- Examines the surgical anatomy of the lacrimal system and the lateral wall of the nose, including pathophysiology, diagnosis, CT and MRI.
- Essential reference for Eye and ENT surgeons for the review of surgical procedures and latest advancement in lacrimal drainage surgery.

**Atlas of Head & Neck Surgery**
Chris de Souza

- Full Colour | Hardbound | 1/e, 2013
- 8.5” x 11” | 520 pp | 9789350903803
- **₹ 10650**

**Key Features**
- This atlas is designed for the surgeons, those involved in the treatment of head and neck cancer patients.
- It is meant to be accessible to medical students, residents and consultants in various disciplines.
- Highlights pearls and pitfalls expected during the intraoperative evaluation and follow-up patients.
